

A New *Era* of Agreement

Close your contracts 10x faster, with 100% control – and gain the deep insights needed to agree smarter.

Agree more and negotiate less with unparalleled insights into the agreement process

Ushering in a new era of contract management, EraCLM is the **world's smartest contract lifecycle management** platform, spreading contracting operations innovation enterprise-wide.

EraCLM combines an easy to use interface with novel AI techniques to cut the time to agreement and simplify the process. Empowered with **business critical analytics**, negotiation teams can make more informed business decisions.

It has transformed **the contracting process** for multiple Fortune 500 clients, with tens of thousands of users, hundreds of thousands contracts, and millions of data points.

Agree 10X faster

Discover how deeply automated document assembly, AI-enhanced workflow management, and guided real-time collaboration get all parties to "yes" 10x faster.

With complete control

Learn how end-to-end digitized processes, rules-based routing and approvals, and fully digitized content give you the control you've never had before. Goodbye offline "blackholes." Hello, effortless compliance!

And deep insight

Gain deep insight and find out how an intelligent contract repository, deep search, and powerful contract analytics simplify obligation management and deliver real-time insights.

Why Mitratesch EraCLM?

EraCLM is a one-of-a-kind solution allowing organizations to make more informed decisions. It can **automate the entire contract process end-to-end**, with a scalable architecture for enterprise-wide adoption.

Uniquely, the system captures transactional, content and behavioral data that provides **actionable insights into your contracting process** like never before.

Better yet, EraCLM is deeply integrated into **a full suite of legal operation solutions** for all your matter management, e-billing and workflow automation needs.

Pre-contract

Request Management
